

BARRIER TAPES

EUROTAPE®

An economy grade non-adhesive polyethylene barrier tape, used for the temporary cordoning off of areas on construction sites and sporting events etc.

- UV + scratch resistant ink
- All 500 mtr rolls are individual boxed in dispenser carton
- 100mtr rolls are shrink wrapped
- Over printing with text available
- Other sizes available upon request
- Tensile Strength: 0.4N/mm

SUPERSTRONG®

High strength non-adhesive barrier tape, which will not stretch like standard barrier tapes. Ideal for events where a longer lasting tape is required.

- Five times tougher than ordinary barrier tape
- All 500mtr rolls supplied in dispenser cartons
- 100mtr rolls shrink wrapped
- UV + scratch resistant ink
- Overprinting available
- Tensile strength equivalent to approx. 25kg/75mm width

MAXITAPE™

A high quality polyethylene barrier tape. Available in Red/White and Black/Yellow diagonal stripes as standard. Can also be supplied in any size. Much thicker than Eurotape®, Maxitape™ offers high strength and exceptional value for money.

- Best quality overprinting available
- Robust polyethylene barrier tape
- UV + scratch resistant ink
- All 500mtr rolls are individually boxed
